## AN ULTIMATE SOLUTION IN ELECTRONIC WEIGHING

### Counter Scale

Back Side Display

The compact size electronic weighing scale, best suitable for all types of packing purposes, portable uses, and even best choice for quality control labs, counter weighing at very affordable & at unbelievable prices.

#### Features

- Compact size ABS body.
- Body designed to give water proof look.
- Green display also available (against order).
- Battery backup facility.
- Front/back display.
- LED red display (0.5").
- Automatic power off.
- Overload protection.

#### Specifications

MODEL	CAPACITY	ACCURACY	SIZE
CRRS-1k	1kg	0.05gm	165x215mm
CRRS-2k	2kg	0.1gm	165x215mm
CRRS-3k	3kg	0.1gm	165x215mm
CRRS-4k	4kg	0.2gm	165x215mm
CRRS-6k(H)	6kg	0.2gm	165x215mm
CRRS-6k	6kg	0.5gm	165x215mm
CRRS-10k(H)	10kg	0.5gm	165x215mm
CRRS-10k	10kg	1gm	165x215mm
CRRS-20k	20kg	2gm	165x215mm

OPERATING TEMPERATURE : 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

### Junior Table Top

The compact size metal body electronic scale is best choice for a no. of applications in retail stores as well as in industries for packing purposes as well as in quality control applications.

#### Features

- Compact size metal body.
- Flat surface steel pan.
- Overload protection.
- Auto power off (option).
- Weight accumulation facility.
- Battery backup facility.
- Front/Back display.
- High precision loadcell.
- Tare/zero function.
- LED red display (green display optionally available).
- Liter/Piece counting available optionally.

#### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS - 10k	10 kg	1gm	200x250mm
CRRS - 15k	15 kg	1gm	200x250mm
CRRS - 20k	20 kg	2gm	200x250mm
CRRS - 30k	15/30 kg	2/5gm	200x250mm
CRRS - 3k	3kg	0.2gm	200x250mm
CRRS - 6k(H)	6kg	0.2gm	200x250mm
CRRS - 6k	6kg	0.5gm	200x250mm
CRRS - 10k	10kg	0.5gm	200x250mm
CRRS - 1k	1kg	50mg	200x250mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Big LED Table Top

Back Side  
Display

The electronic scale which meets all the demands of a retailer and very much suitable due to its big size of display segment and rugged metal body which allow to get used in almost all needs of a retail shop like kiryana merchant, confectionary shop, grocery shop, hardware merchants, etc.

### Features

- Big size of display segment 0.8" (20mm).
- Laminated metal body.
- Piece counting/liter weighing available(optional).
- Overload protection.
- Green Display also available against order.
- Battery backup facility.
- Tare weight facility.
- Auto power off(option).
- High precision loadcell.
- Front/Back Display.

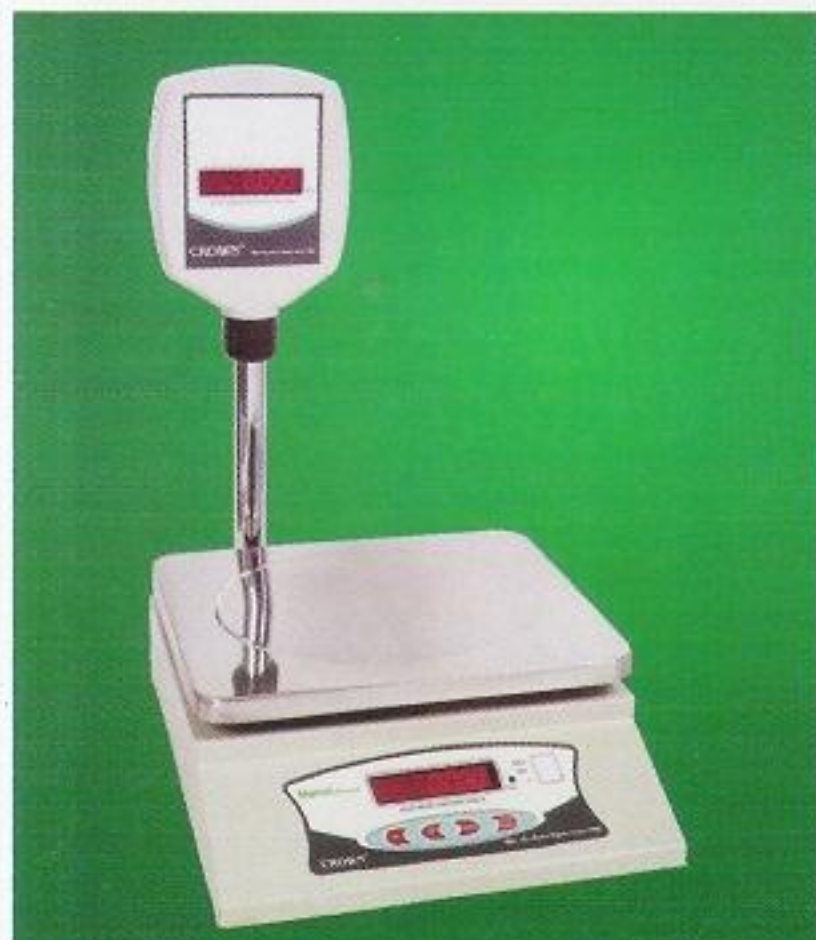

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS-30k	15/30kg	2/5gm	240x290mm
CRRS-40k	20/40kg	2/5gm	240x290mm
CRRS-30k	30kg	2gm	240x290mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Small LED Table Top

The right choice for users or buyers who are interested to buy more at less prices. This product is a best quality electronic weighing scale with a lower price in comparison to other brands available in the market.

### Features

- Powder coated metal body.
- Auto power off.
- Overload protection.
- Bright 0.5" LED display(red).
- Also available in green display (against order).
- Battery backup facility.
- Low battery indication.
- Full digital calibration with user friendly software.
- Zero tare facility.

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS-30k	15/30kg	2/5gm	240x290mm
CRRS-30k(H)	30kg	2gm	240x290mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## SteelBody Table Top

This digital balance is made of steel body cabinet and pole display cabinet made of ABS steel colour plated on it this is widely used in packing of medicines, fruits, vegetables, pickles, etc. The best choice for use in application where counter weighing of moisture based products is involved.

### Features

- Stainless steel body.
- Auto off function (optional)
- Tare/zero function.
- Bright Red LED display easy to read.
- Auto calibration.
- Overload protection.
- Counting/Litter function.
- Battery backup facility.

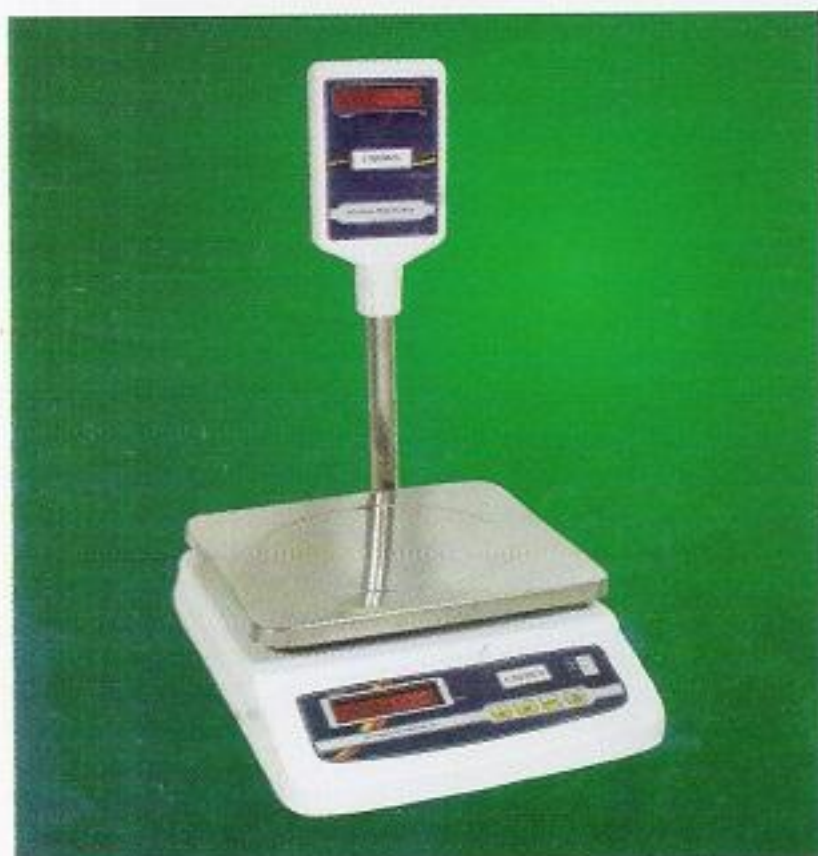

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS-30k	15/30kg	2/5gm	240x290mm
CRRS-30k(H)	30kg	2gm	240x290mm
CRRS-20k	20kg	1gm	240x290mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Metal Table Top

The electronic weighing scale manufactured with powder coated (synthetic) metal body widely used in retail shop like kiriyana, merchants, sweet shop, grocery shops, etc.

### Features

- Synthetic milky white powder coated metal body.
- Front and pole display available for easy view.
- Piece counting/liter weighing available.
- High quality at low price.
- Flat (plain) stainless steel pan.
- Battery backup facility.
- Overload protection.
- High precision loadcell.

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS-30k	15/30kg	2/5gm	240x290mm
CRRS-20k	20kg	1gm	240x290mm
CRRS-30k(H)	30kg	2gm	240x290mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Steel Bench Table Top

An exclusive bench type scale made of stainless steel cabinet best suitable for wholesalers and bulk weighing retail stores which needs both accuracy as well as bigger platform size. The heavy structure makes this scale ideal for rough uses and this is the reason that this scale is preferred by the customers.

### Features

- Stainless steel body.
- Auto off function (optional).
- Tare/zero function.
- Bright Red LED display easy to read.
- Auto calibration.
- Overload protection.
- Counting/Litter function.
- Battery backup facility.

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRRS-40k	40kg	2gm	325x400mm
CRPS-50k	50kg	5gm	325X400mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Commercial Platform Scale

These electronic weighing scale having capacity range from 50kg to 2 ton are best choice with economical price range with well maintained quality standards. The scales are suitable for a no. of application like retail segment weighing to industrial uses.

### Features

- Rugged structure suitable for tough uses.
- Stainless steel/cheured ms pan available as per application.
- Piece counting/liter weighing available (optional).
- High precision loadcell.
- Metal body compact indicator.
- Overload protection.
- Battery backup facility.
- 0.5 LED red display.

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRPS-50k	50kg	5gm	400x400
CRPS-100k	100kg	10gm	400x400
CRPS-200k	200kg	20gm	500x500
CRPS-300k	300kg	50gm	500x500
CRPS-200k	200kg	20gm	600x600
CRPS-300k	300kg	50gm	600x600
CRPS-500k	500kg	50gm	600x600
CRPS-500k	500kg	50gm	750x750
CRPS-1000k	1000kg	100gm	1 mt.x1 mt.
CRPS-2000k	2000kg	200gm	1 mt.x1 mt.

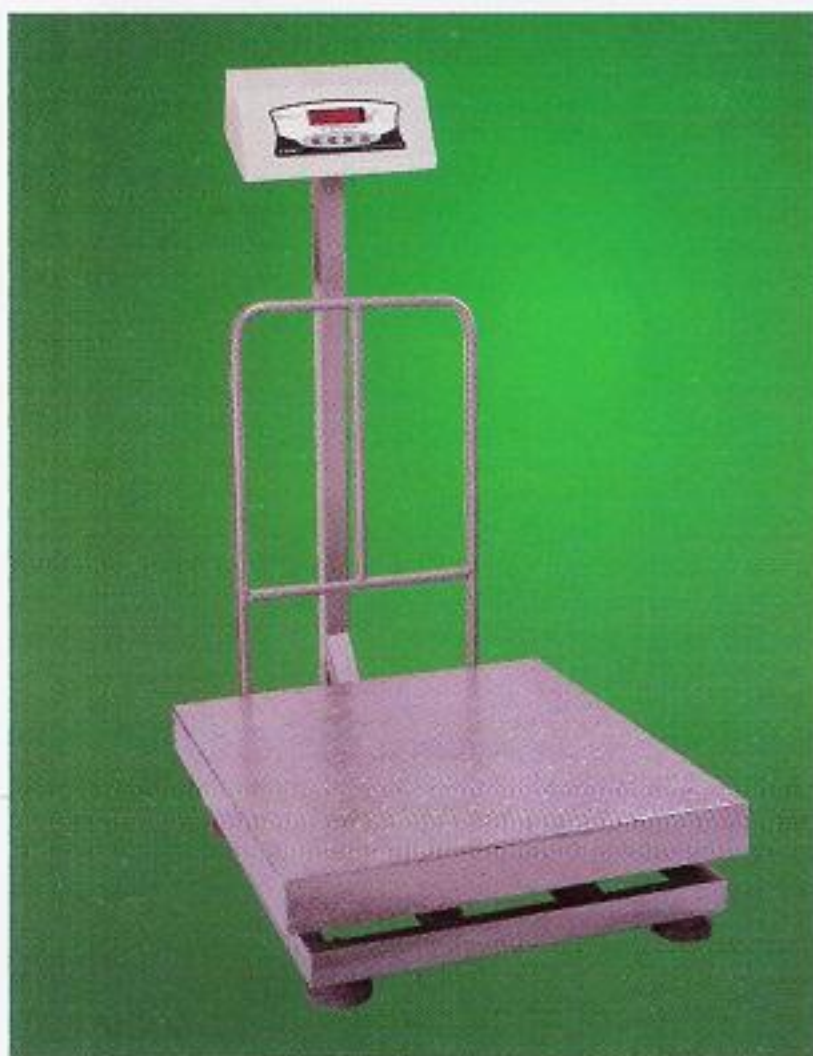

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Marvel Platform Scale

A unique quality of electronic weighing which have no match in few manners over other brands available in market. The heavy duty rugged structure designed to meet tough applications in every kind of use. Once again the product is a product best among the best and an ideal one which is based on high quality standards and is a reliable one with weighing range from 50 kg to 500 kg.

### Features

- Heavy duty rugged structure.
- Battery backup facility.
- LED red display (0.5")
- Liter/Piece counting function (optional)
- Overload protection.
- Auto power off.
- Green display also available (Against order)
- Stainless steel/Checkered Pan

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRPS-50k	50kg	5gm	350x400mm
CRPS-50k	50kg	5gm	400x400mm
CRPS-100k	100kg	10gm	400x400mm
CRPS-100k	100kg	10gm	500x500mm
CRPS-200k	200kg	20gm	500x500mm
CRPS-300k	300kg	50gm	500x500mm
CRPS-200K	200kg	20gm	550x600mm
CRPS-300K	300kg	50gm	550x600mm
CRPS-300k	300kg	50gm	600x600mm
CRPS-500k	500kg	50gm	600x600mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.

## Heavy Duty Platform Scale

The Electronic Weighing Scale Designed For Heavy Duty Applications Having Range From 500kg to 5Tons. With Sturdy Mechanical Structure For Use In Steel Rolling Mills, Foundries, Oil mills, Steel Yards & Chemical Industries.

### Features

- Heavy duty rugged structure.
- Battery backup facility.
- LED red display (0.5")
- Liter/Piece counting function (optional)
- Overload protection.
- Auto power off.
- Green display also available (Against order)
- Checkered Pan.

### Specifications

MODEL	CAPACITY	ACCURACY	PAN SIZE
CRPS-500K	500kg	50gm	750X750mm
CRPS-500K	500kg	50gm	800X800mm
CRPS-1000K	1000kg	100gm	800X800mm
CRPS-1000K	1000kg	100gm	1000X1000mm
CRPS-2000K	2000kg	200gm	1000X1000mm
CRPS-1000K	1000kg	100gm	1200X1200mm
CRPS-2000K	2000kg	200gm	1200X1200mm
CRPS-5000K	5000kg	500gm	1200x1200mm

OPERATING TEMPERATURE :- 0-45° c

POWER SOURCE :- 220 volts AC or DC 6V battery.
